TECHNICAL DATA SHEET

AMA-ZING DEGREASER

HEAVY DUTY WATERBASED DEGREASER

General

- Ama-zing Degreaser is a versatile, highly concentrated degreaser for effective cleaning of engines, floors and walls.

Features and Product Use

- This is a powerful, concentrated combination of surface solvents and surfactants designed to handle any grease oil and soil problem that exists in the automobile workshop.
- It contains a high concentrate of wetting agents for maximum dirt penetration; alkaline builders for dispersion of grease and grime and softening agents to avoid hard water deposits.
- Being waterbased, it may be used on all hard surfaces.
- It has the unique ability to be mixed with water or with solvents such as paraffin.
- All detergents used in this product are biodegradable and environmentally acceptable.

Directions for Use

- **Industrial machinery:** Forklift, lathes, printing presses / equipment - Make a solution of 1 part Ama-Zing Degreaser in 50 parts water. Using mop, brush, sponge, rag or hand-held sprayer, apply to surface and rinse with water.
- **Concrete floors:** For regular cleaning use a solution of 1 part Ama-Zing Degreaser in 50 parts water. Mop or scrub and rinse with water. For heavily soiled areas, use a stronger solution. May be used in all automatic floor scrubbers at a dilution of 1 part Ama-Zing Degreaser in 100 parts water.
- **Painted floors:** Use a solution of 1 part Ama-Zing Degreaser in 200 parts water.
- **Industrial carbon build-up:** For removing smoke, soot and carbon from industrial machinery use a solution of 1 part Ama-Zing Degreaser concentrate in 20 parts water. Spray on and scrub as required. Rinse with water.
- **As a dip:** Dip or soak parts in a 1 part concentrate to 10 parts water solution. After 15 minutes, remove and scrub, then rinse with water.

Caution

- SKIN – It may be an irritant
- EYES – It will irritate the eyes – wear protective goggles and clothing.
- Do not swallow or inhale.
- KEEP OUT OF REACH OF CHILDREN

First Aid

External:	Flush with water.
Eyes:	Flush with water - Seek medical attention.
Internal:	Seek medical attention.
Inhalation:	Remove person to fresh air – Seek medical attention.

Spillage

Small spills:	Contain – wash away with water.
Large spills:	Contain – Dispose of as per local Government regulations.

Storage

Store at ambient temperature. Keep container sealed when not in use.
