MARPROZEP
INDUSTRIAL MAINTANANCE CHEMICALS

TECHNICAL DATA SHEET

SWIFT

GENERAL PURPOSE CLEANER

Features and Product Use

- SWIFT is extremely versatile and finds application in workshops, factories, schools, mines, hospitals, food manufacturing, poultry plants, hotels and restaurants.
- SWIFT will effectively remove soils such as mineral oils, vegetable oils, fats, grease and most common soils safely from surfaces such as: concrete floors, painted concrete floors, tiled floors and walls, oil painted walls, synthetic and natural fibres, showers, baths, basins, glass and mirrors.
- The high concentration of strength of SWIFT allows for the dilution with water of varying dilutions, depending on the nature of the soil to be removed.

Directions

- Light duty soils - dilute 1 part SWIFT with 50 parts water.
- Medium duty soils - dilute 1 part SWIFT with 30 parts water.
- Heavy duty soils - dilute 1 part SWIFT with 20 parts water.
- SWIFT may be applied by means of mechanical scrubbing, pressure spray equipment, handheld sprayer, mop, broom, sponge, cloth.

Caution

- Avoid eye contact - will cause burns to eyes.
- Avoid skin contact - prolonged exposure to skin will cause caustic burns.
- Do not take internally - toxic if ingested.
- Avoid inhalation of the product.
- Use goggles, gloves and overalls when handling concentrate.
- KEEP OUT OF REACH OF CHILDREN

First Aid

External: Wash effected skin area with plenty of water.
Eyes: Rinse eyes with cold water for 10 minutes.
Internal: Seek immediate medical attention
Inhalation: Remove person to fresh air.

Spillage

Small spills: Contain – wash away with water
Large spills: Contain – soak up spilled product with non-reactive absorbent material.
Dispose of as per local Government regulations

Storage

Store in a cool dry place away from direct sunlight.
Keep container sealed when not in use.
