WITSEEP

CERAMIC RESTORER CONCRETE CLEANER

Features and Product Use

- Highly concentrated acidic liquid cleaner specially formulated for the restoration of ceramics.
- Removal of dirt and grease from unpainted cement floors, ceramic, mosaic, Sparta or quarry tiles.
- The bleaching effect or the product leaves the surface bright and clean.
- Highly economical – may be diluted with up to 5 parts water.

Directions

- Use at full strength or diluted as much as 5:1 with water – depending upon the degree of soil on the surface to be cleaned.
- Apply concentrate or solution to a small area at a time (about 1-5ml) by mop, broom, sponge, cloth or brush – thoroughly with clean water.
- This product is a strong acid must not be used near machinery such as lathes or any other unpainted metal surfaces whatsoever – as the fumes will corrode these surfaces.

Caution

- Poisonous – do not take internally.
- Corrosive to the skin.
- Aid contact with the eyes.
- Use in well-ventilated area.
- Wear protective clothing when handling the product.
- Harmful if swallowed.
- KEEP OUT OF REACH OF CHILDREN

First Aid

External: Wash well with water for 10 minutes.
Eyes: Flush well with running water for 10 minutes – seek medical attention.
Internal: Do not induce vomiting - Seek immediate medical attention.
Inhalation: Remove person to fresh air - Seek immediate medical attention.

Spillage

Small spills: Contain – wash away with large quantities of water
Large spills: Contain – dispose of as per local Government regulations

Storage

Store at ambient temperature. Keep container sealed when not in use.
